SENATOR DWORAK: I move the adoption of the E & R amendments.

CLERK: 26 ayes, Now, Mr. President, there's a specific amendment offered by Senator Koch who has been excused for the day.

PRESIDENT: Well first of all the bill has been returned. Senator Dickinson.

SENATOR DICKINSON: Well just to inform the Clerk that Senator Koch did ask to be excused, but his plane didn't go to North Platte last night so he is in the building and will be here.

PRESIDENT: Senator Dickinson ... or I mean Senator Goodrich.

SENATOR GOODRICH: Mr. President, members of the body. Can we just pass over this until Senator Koch returns to the Chamber.

PRESIDENT: Well we got it back on Select File.

SENATOR GOODRICH: Shall we just skip over it now till Senator Koch gets here.

PRESIDENT: We'll move from Select File then to General File. According to our Rules we take up where we left off on LB 464. Senator DeCamp.

SENATOR DeCAMP: Mr. President, I talked to the Speaker this morning. The Speaker would prefer that this be handled sometime late next week. I have agreed to it if the rest of the body agrees. I think he said he wants to do it Thursday because he had other things programmed for Monday, Tuesday and Wednesday. That's acceptable to me.

PRESIDENT: Senator Chambers.

SENATOR CHAMBERS: Mr. Chairman, I was putting some amendments up there. Have they made a motion to bracket this till Thursday, or what?

PRESIDENT: I think he's going to ask for unanimous consent, for late next week, to bracket it.

SENATOR CHAMBERS: Is the day Thursday for certain?

PRESIDENT: You want to make it for certain?

SENATOR DeCAMP: I want to make it for certain, but I want to ask the Speaker if that's what he wants first? That's what he had suggested earlier, but I would like to have his input. Maybe Senator Chambers can develop the flu by then, like me.

SENATOR CHAMBERS: I can develop some support because I met some ministers in the hall who wanted some time, so I just want us to be able to tell them what day it's going to be.
